

2MC Independent Language Study & Research Module Registration Form

Independent study in a language other than English in an area of special interest to the student(s), with the close guidance of a faculty member, leading to a final project/product.

In consultation with a faculty member, a student or students should craft a proposal outlining the nature of the project and the work the student(s) intends to finish during the semester. This option is intended for an individual or small group of students – only 1-2 students – who would like to work with texts and other materials in a language other than English. Faculty can recommend projects to students, but the proposal as such should come from the students. Students should clearly articulate the goals of their project and what they aim to achieve by the end of the semester. The deadline to submit the proposal to your Assistant Dean of Students* is **5pm on Friday, 16 August 2019**. Registry will update students and faculty about the status of their Independent Study course requests by **Friday, 23 August 2019** and officially enroll approved students into these 2MC modules.

Kindly read the following conditions carefully before submitting your Registration Form. With effect from Semester 2, AY2017/2018:

1. A student is allowed to read up to a maximum of two Independent Study modules [Independent Reading and Research (IRR), Independent Language Study and Research (ILSR) and/or Special Project in Science (SPS)] in a semester.
2. A student may read up to a maximum of 7MC from IRR, ILSR and/or SPS throughout the student's undergraduate career. If you have exceeded this limit, you are required to obtain the support of the Head of Studies of your major/minor and make an appeal to the Committee on Academic Standards (CAS) via your Assistant Dean of Students*.
3. A student may count up to a **maximum of 5MC** from IRR, ILSR and/or SPS towards the **major or independent minor** with prior approval from Head of Studies (Major) or Coordinator (Independent Minor).
4. A student may count up to a **maximum of 2MC** from IRR and/or ILSR towards the requirements for a **minor** with prior approval from the Head of Studies (Minor).
5. In extremely rare circumstances, an exception to the maximum above may be approved by the Chair of the Curriculum Committee following the relevant Divisional Director's endorsement.
6. SPS cannot be counted towards requirements for a minor in Science and may only be read in your third or fourth year of study.
7. By default, IRR, ILSR and/or SPS are graded Completed Satisfactory (CS) or Completed Unsatisfactory (CU). However, if you wish to count the Independent Study module to a Major or Minor, the Independent Study module will be registered as Letter Graded.
8. Requests to retroactively count such modules taken before Semester 2, Academic Year 2017/2018 toward a major will not be approved.

Registration Details

This section is applicable if you wish to count the Independent Language Study & Research (ILSR) module to a major/minor :

- Only Letter Graded Independent Study modules (IRR, ILSR and/or SPS) can count towards Major/Minor. Approval from the HOS of the respective major/minor must be obtained if you check the following box/boxes.
- By default, ILSR modules are graded Completed Satisfactory (CS) or Completed Unsatisfactory (CU).
- If you checked this section, you will be registered to read the ILSR module as Letter Graded. Once the module is allocated as Letter Graded, the decision is irrevocable. You may however exercise S/U option to convert the Letter Grade to Satisfactory/Unsatisfactory (S/U) grade at the stipulated S/U declaration period at the end of the semester. Once you have exercised the S/U option, the module can no longer count to the Major/Minor although you have obtained prior approval from the HOS/Coordinator during the module registration period.
